1050-Brussels, Belgium
E-mail: chair@eycn.eu*

The European Young Chemists' Network (EYCN), the young member's division of EuChemS (European Chemical Society), is a motivated team of young scientists from 25 different European countries 27 Societies.

The EYCN spent the last years working towards promoting the exchange of knowledge, experience, new ideas and projects among young chemists coming from academia and companies. One of the aims is also to improve the visibility of chemistry, bring it closer to a wider audience and to people from outside the research field - such as industry, business and management. Moreover, the EYCN wants to support young chemists at the beginning of their career with awards and activities focused on developing soft-skills and expanding their possibilities. EYCN sponsors award all around Europe and every two years, we announce the Young Chemist Award (EYCA) in collaboration with EuChemS, the SCI and FNCl.

The EYCN will host the 3rd European Young Chemists' Conference (EYCheM) in Fribourg (CH) – registration will open soon. Our network offers a mentoring program for Marie Curie fellowship and ERC starting grant applicants: seminars will be soon online on our YouTube Channel. **Keep posted!** If you wish to get in touch with us, please visit our website www.eycn.eu, or contact us using our social media profiles on Facebook (@EYCN), Twitter (@YoungChemists) or LinkedIn.

We look forward to collaborating with you!
